

Documentation for the ice stadium to be supplied by Fischer

Author: SITA - Slovak News Agency | Published: 13.01.2009

Fischer, spol. s r.o. Bratislava has been hired to provide the documentation for the reconstruction of the Ondrej Nepela Ice Stadium in Bratislava within 9 months; the price for this service is EUR 2,490,000, excl. VAT. The company shall prepare the documentation for the zoning decision, for the building permit as well as the tender documentation. The service supplier was selected at a meeting without publication in order to protect exclusive rights, as explained by the Bratislava General Investor.

The Bratislava General Investor announced the award procedure for the reconstruction of the Ondrej Nepela Ice Stadium in the EU's Official Journal on 25 November 2008. The projected contract value is EUR 59,700,000, excl. tax, and the reconstruction should start on 1 May 2009 and be finished by 28 February 2011. The Bratislava General Investor has obtained a promise to receive EUR 39,800,000, excl. VAT, from the national budget for the reconstruction for 2009 and 2010, on condition that the World Ice Hockey Championship takes place in Bratislava in 2011.
