Kaufland Company plans to build-up the new shopping centre in Slovakia, where ought to create 60 new job positions. The investor intends to invest about 6.5 mills Euro to the new centre at Žiar nad Hronom. It intends to start building the department store in SNP Street in April, while its finalization is assumed in December this year. The Žiar department store ought to spread on the area of 23 thousand m², the built-up area itself ought to be almost 5 thousand m² and the shopping area about 3 thousand m². 225 parking places will be created near it. A.P.S. Invest, s.r.o. provides the building-up of the centre for Kaufland according to the investment intention and Stavoprojekt Poprad, joint-stock-company, is the designer.
