

# Trnava will have the bypass within two years

Author: SITA - Slovak News Agency | Published: 10.03.2009

Trnava Building Company, a.s. Trnava (TSS) has to realize 2nd phase of the building-up of 1.9 km-northern bypass of Trnava on the road of 1st class within two year at the cost of 5.020 mills €, VAT excluded. The chosen contractor succeeded in the public tender involving 8 accepted offers, when the lowest price was decisive. The contractual price of the structure the investor of which is the Slovak Roads Administration, is cheaper by 39.5 % compared with the estimated one (8.298 mills €, VAT excluded). The structure will be financed from means of the European Fund of District Development in the frame of the Transport Operational Program.
