Bratislava city still keeps secret the exact term of the Winter stadium of Ondrej Nepela reconstruction beginning, where the World Ice Hockey Championship will be held in year 2011. „It is slightly concealed term. We do not want to disclose the date, but it is near enough,” the major Andrej Ďurkovský told. Reconstruction works will start exactly as planned, by his opinion. According to predictions from last year the reconstruction of the winter stadium ought to beginning in the municipal district Nové Mesto approximately in the middle of year 2009. „We will catch to reconstruct out the stadium in year 2010, “the major pointed out repeatedly. In December 17, 2008 the government already decided that it will give 40 575 628 € for the winter stadium reconstruction. Headquarters of the Physical Training and Recreation Facilities Administration (STaRZ) have also to move as per April 30, besides all tenants, which received a tenant notice to quit due to the reconstruction.
