Slovak building companies will construct the hotel in Libya for 150 mills Euro. The Ministry of Economy (ME) of SR informed about it. Entrepreneurs of both countries agreed on the project realization at the trade forum, organized by the Slovak Agency for Investment and Trade Development SR (SARIO). „Direct negotiations have also brought contours of the new contract, which can mean penetration of our business entities in the application of communication technologies in the volume of several tens of millions,“ ME added. The business forum of entrepreneurs got the opportunity to present 13 manufacturing companies from Slovakia. Other offers from Libyan side will undergo thorough analysis according to the ME. In addition to direct contacts between representatives of companies at the business forum also discussions on the level of the ME and ME of Libya were performed. At the same time cooperation between SARIO and the Libyan partner organization is preparing to promote investments and trade JEDCO.
