

Váhostav - SK plans to build industrial park in Bardejov

Author: SITA - Slovak News Agency | Published: 16.06.2009

Company Váhostav - SK, a.s. Žilina will execute works at infrastructure building for a municipal brown industrial park in Bardejov worth 7.84 million euro including VAT. The firm succeeded in the public tender as winner from three bids where lowest price was the decisive factor. Starting expected price of the offer amounted to 6.938 million euro without tax. The project should be co-financed from Euro funds within the operation program Competitiveness and Economic Growth. Supplier selected in compliance with the tender should realize the works within 20 months from conclusion of the contract of 26 May 2009.
