Just till the end of June the company HB Reavis Group has time to complete the external parts of the shopping-entertainment centre Aupark, which grows in the centre of Piešťany on the area of 10 280 m². If they will not catch the term, they must pay the fee almost 1 million Euro to the town. This results from the purchase contract between Piešťany and Aupark Piešťany Company, which is a member of HB Reavis Group. „We insisted on the fee, therefore, so as citizens would not be any way limited and that all functions of the town started running in time,“ said the mayor of Piešťany Remo Cicutto.
