

Over the summer the town of Nitra will reconstruct three elementary schools

Author: SITA - Slovak News Agency | Published: 30.06.2009

In July the reconstruction of three elementary schools will begin at Nitra, for which the town received money from the Euro funds. Currently, the public procurement for the supplier of the construction works is finishing. The Elementary school Benkova reconstruction will cost 3.11 million Euro, the Elementary school Fatranská 1.89 million Euro and the Elementary school Topoľová 1.44 million Euro. The town of Nitra will co-finance the works by 5 percentage of the total cost.
