

In 2009 30 km of highways would grow at the price of 75 million Euro

Author: SITA - Slovak News Agency | Published: 07.07.2009

This year should be built, besides PPP projects, 11.9 km of highways and speedways at the price of 68.051 million Euro. Into service is also to be put 30.25 km of highway and speedway communications at the price of 174.567 million Euro. The information is from the Government's representative for highways and speedways and at the same time the general director of the National Highway Company (NDS) Igor Choma. In 2009 NDS has available 883.755 million Euro from the state budget and the European funds. Own resources of NDS represent the amount of 68.726 million Euro. For the preparation, besides constructions included in the PPP projects, is needed 69.307 million Euro this year.
