

# Rekom will perform works in the Gelnica industrial park

Author: SITA - Slovak News Agency | Published: 07.07.2009

Rekom s.r.o Company Rozhanovce succeeded in the narrower competition to perform construction works in the brown industrial park at Gelnica. The works, which upon the terms of the tender would last 19 months from the conclusion of the contract, the contractor would realize at the price of 2.738 million Euro, VAT excluded. The investment is to be financed from the European funds through the Operational program Competitiveness and economic growth, through the measure to promote the building of brown industrial parks. The Gelnica own resources and the state are to share the financing.
