Bratislava City welcomed the Government decision on financing the national football stadium construction on Tehelné pole (Tehelné field). According to the approved material the state should render 69.12 million € for this purpose during three years. The capital city will possess and provide its operation. The new stadium should have 4 stars according to the criteria by the European Football Union (UEFA), what means the minimum capacity of 20 thousand covered seats, a heated lawn, modern and large dressing rooms, rooms for basic medical care, restaurants, cafeterias and catering facilities for spectators and a sufficient number of sanitary facilities, too.
