

# M. Vincíková strengthens Ekospol

Author: SF / pb | Published: 12.04.2011

Ekospol appointed Marcela Vincíková to the position of economist - analyst as of 1st April 2011. The main tasks of Marcela Vincíková in her new position will be primarily to prepare economic models for the planned residential projects and to optimize overhead costs and streamline all processes within the company.

Marcela Vincikova joined the company in August 2010. She came from the company Meoph dealing with import and sale of medical devices, where she was responsible for accounting and administration. Previously, she worked in the real estate agency Reloca.cz.

Marcela Vincíková (25) graduated from University of Economics in Prague, she speaks German and English. She is single and her hobbies include reading, travelling and sports - squash, cycling and swimming in particular.
