For the seventeenth time now, Prague will participate in the prestigious MIPIM international show of real estate and investment opportunities, the 23rd year of which will take place at the Palais des Festivals in Cannes, France, from 6 until 9 March. Leading development companies CENTRAL GROUP and UNIBAIL-RODAMCO will be presenting themselves as the main co-exhibitors alongside the City of Prague. Successful Prague architecture will also be represented at the Prague stand in the form of the Main Point Karlin project, which was selected by an international expert jury as one of three finalists for the prestigious MIPIM AWARDS 2012 in the category of administrative buildings. The main event of the accompanying programme will be the “Meeting Prague” gathering under the patronage of Prague Mayor Bohuslav Svoboda. As has become a tradition, Pivovary Staropramen will contribute to the pleasant atmosphere of the Prague stand.
