

Furmet Group to work on the Zubrohlava dump

Author: SITA - Slovak News Agency | Published: 17.03.2009

The Zubrohlava association, represented by Furmet Group Považská Bystrica, will perform the first stage of construction work to close the northern segment of the municipal dump for solid waste in Zubrohlava. At the same time, it will perform the second stage of reconstruction of the northern segment at the same dump. The work should be performed for the city of Námestovo within 10 months and should cost EUR 3.011 million, incl. VAT. The association, which also includes the Austrian company Teerag-Asdag AG, seated in Vienna, obtained this contract in an award procedure, out of two submitted bids. The work on the dump should be funded from European resources within the framework of the Environment Operational Programme. The contract for work was concluded on 29 December last year.
