Since the beginning of this year 533 subjects have stopped or suspended the business at Michalovce and Trebišov regions, whereas 463 new applications for the new Trade Certificates issue have been registered at departments of business enterprise since January. As Agáta Lopatníková, the chief of the Business Enterprise Department of the Municipal Office told, 170 businesses under their administration were stopped and 128 entrepreneurs suspended their businesses. „Applicants do not inform about the cause, but based on talking we can say, that in major of cases it is the consequence of the economy crisis, “she told. Since the beginning of this year till March 20 together 114 subjects stopped business and 121 subjects suspended it at Michalovce district. „We think that stoppage and begins of businesses relate to the crisis as well. Many unemployed people have interest in utilizing supportive programs of the unemployment agency, other are pressed by their employers so as to work for them based on the Trade Certificate, “Katarína Šimanská from the district office Michalovce told.
